

Membership Covenant

Having embraced Jesus Christ as my personal Lord, Savior, and Treasure I, _____, have prayerfully decided to unite with The Church in the Center by entering into a covenant agreement before God and with my fellow believers to become an active member of this local body of Christ. I understand that this commitment involves the following expectations:

- I commit to pursuing a vibrant walk with God through a private and personal devotional life including scripture meditation and prayer.
- I commit to regular attendance of corporate worship services and to living in community with other believers by participating in a small group.
- I commit to striving my best, by God's grace, to live a life that more and more reflects the virtues of Jesus Christ and less and less reflects the values of the world.
- I commit to living a missional lifestyle that seeks to regularly share the Gospel, serve the community, and meet the needs of the world.
- I commit to living a communal lifestyle that seeks to serve the Body according to my unique calling and gifting and seeks to pray, care for, and show brotherly love to my fellow church members.
- I commit to following the biblical model of financial stewardship by giving a tithe of my income to God's Work and offerings to contribute the cause of missions locally and globally.
- I understand that The Church in the Center teaches and practices believer's baptism and members are encouraged to follow through on this ordinance if they haven't yet done so.
- I am in essential agreement with the vision, mission, core values, and doctrines of The Church in the Center.

In making these commitments, I desire to join hands with other like-minded believers as we hold each other accountable and encourage one another onward toward our common goal of glorifying God together as the Body of Christ.
